INTRODUCTION

The DFB Campus as a venue for your next event!

The DFB Campus in Frankfurt am Main is the headquarters of the German Football Association. Since June 2022, the campus on Kennedyallee has been the home of the DFB. Administration, sports and science are all under one roof. This will make the DFB Campus a place of encounter and exchange for grassroots and top-class sport.

The DFB Campus has primarily been built to accommodate teams and host football workshops, congresses and meetings but if time and capacity allows major events such as the DFB Pokal, the UEFA Medical Symposium, Dinners or partner events and media/marketing days are hosted as well.

Rooms of different sizes (from 36 to 8436 m²) can be rented for various event formats.

The DFB aims to make the DFB Campus more accessible to external partners and companies from the sporting world and would be pleased to host your guests in the new home of German football.
